We welcome Phillipa to our rota. She will be working with me for the moment.

There is a distinct possibility that some work will be carried out on the roof and windows during March / April. When this starts there may be a need to carry out extra cleaning as we don't know what effect this will have on the interior of the church. Information about the work will be in the newsletter in due course.

As usual, swap your turns when necessary, and let me know if any supplies are running out.

Thank-you for your continued help.

Maggy Vince
