We are starting to return to “normal” with Mass every day of the week, so it is time to restart the cleaning rota.

At the moment I am sanitising (wiping down) the benches, doors, etc after Mass on Saturdays and Sundays. The parish room is not being used, and we are discouraging use of the toilets (but they are still available). The crying room is quite full of items we have removed from the porch, so again, its use is discouraged.

The basic cleaning still needs to be carried out as usual, and I am grateful that you have all volunteered to stay on the rota. Please swap duties around if necessary.

This is only a short rota as we don't know how things will progress.

Keep safe everyone.

Maggy Vince
