Fast, free rapid COVID-19 testing is now available in Buckinghamshire for public-facing staff and volunteers. Around 1 in 3 people with COVID-19 have no symptoms but can still pass it on. Regular testing can help identify cases of COVID-19 with no symptoms and break the chain of infection. Rapid testing can also provide valuable peace of mind to your staff and volunteers who are at increased risk of exposure to the virus because of their work in the community. For more information and to book regular appointments, visit <https://www.buckinghamshire.gov.uk/coronavirus/booking-rapid-test/>
